

Preliminary Programme

Paris 24th – 25th November 2016

11th ELTR Workshop 24th November 2016

09h00 – 09h15

Welcome address
René Adam & Christophe Duvoux

Data Management Procedure

The New ELTR Platform - *Chairs: Xavier Rogiers, Christophe Duvoux*

09h15 – 10h00

Data Management
Vincent Karam

10h00 – 10h30

Statistical Results
Valérie Cailliez

10h30 – 10h45

Discussion: What implication for contributing centers?
All the participants

10h45 – 11h15

Coffee break

Quality Control of ELTR data - *Chairs: Jan Lerut, William Bennet*

11h15 – 11h45

Audit visits to the centers
Vincent Karam

11h 45 – 12h15

Data Exchange with Organ Sharing Organizations.
Extension of ELTR to Non-European Countries, Present and Future
René Adam & Vincent Karam

12h15 – 12h45

Results of a Survey on Center Opinion about ELTR.
Conclusion of the morning program
Vincent Karam & René Adam

12h45 – 14h00 Lunch

Event coordinator: Giovanna Rossi
Ph +39 049 8597652 e-mail: meetings@esot.org www.esot.org

Preliminary Programme

Paris 24th – 25th November 2016

30th ELTR Anniversary

Past, Present and Perspectives of ELTR - *Chairs: Patrizia Burra, Henri Bismuth*

- 14h00 – 14h20 The Birth of ELTR
Henri Bismuth
- 14h30 – 15h00 The Evolution since 30 years
René Adam
- 15h00 – 15h30 What ELTR brought to LT in Europe?
Jan Lerut
- 15h30 – 15h50 Sponsoring of ELTR
René Adam and Christophe Duvoux

16h00 – 16h30 Coffee break

Example of the impact of ELTR studies on Clinical Practice - *Chairs: Kris Hoerckerstedt, Paolo Muiesan*

- 16h30 – 17h00 Allocation of organs in Europe: what are the different systems?
Patrizia Burra
- 17h00 – 17h30 HCC: What patients to transplant with the current Knowledge? Is the AFP model more pertinent? Guidelines for equity o allocation of HCC vs Non HCC patients.
Vincenzo Mazzaferro & Christophe Duvoux
- 17h30 – 18h00 New Antiviral therapy for HCV patients: recommendations for timing of treatment in transplant candidates. What expected change in the indications for LT for cirrhosis and HCC ?
Luca Belli
- 18h00 – 18h30 Post-transplant immunosuppression: Where are we? Unmet medical needs
Wolf Bechstein

Preliminary Programme

Paris 24th – 25th November 2016

9th ELITA Meeting 25th November 2016

From Static to Dynamic Liver Preservation: Entering a New Era

08h45 – 09h00 Welcome address
René Adam

Static Cold Storage

Donor Characteristics and Liver graft function recovery - Chairs: Wojtek Polak, Roberto Troisi

09h00 – 09h30 Primary Non Function or Early graft dysfunction: Definition, predictive factors and impact on patient outcome
Name to be confirmed

09h30 – 10h00 What is a « marginal » DBD donor? Where are the limits to reject a liver? Impact on patient outcome and practical Recommendation in term of Donor / Recipient matching
Gabriella Berlakovich

10h00 – 10h30 DCD donors: What risk and what benefit? Impact on donor pool
Paolo Muiesan

10h30 – 11h00 Coffee break

Liver preservation : Where do we stand ? Opening new ways ... - Chairs: Christophe Duvoux, Jacques Pirenne

11h00 – 11h30 What solutions to use and for what maximal duration? Is there a room for improvement?
René Adam

Preliminary Programme

Paris 24th – 25th November 2016

11h30 – 12h00 Round table on Practical recommendations for Donor Selection and Liver Preservation
Gabriella Berlakovitch, Paolo Muiesan, René Adam, Name to be confirmed

12h00 – 12h30 What do we learn from machine perfusion in renal transplantation?
Name to be confirmed

12h30 – 13h30 Lunch

Machine Perfusion

Rationale and Current results - Chairs: Pierre Alain Clavien, Robert Porte

13h30 – 14h00 Why and How to perfuse the liver?
 The present technology of Normothermic Regional Perfusion and Machine Perfusion
Constantino Fondevila

14h00 – 14h10 Discussion

14h10 – 14h40 Hypothermic Machine Perfusion, State-of-the-art
 Results and perspectives of HOPE trial
Philip Dutkowski

14h40 – 14h50 Discussion

14h50 – 15h20 Normothermic Machine Perfusion (NMP), State-of-the-art.
 Preliminary results of the COPE trial
Peter Friend

15h20 – 15h30 Discussion

15h30 – 16h00 Coffee break

Preliminary Programme

Paris 24th – 25th November 2016

Pending Key points - *Chairs: Peter Friend, Constantino Fondevilla*

- | | |
|---------------|---|
| 16h00 – 16h30 | Normo or Hypothermic? Portal or Dual Perfusion? Preliminary results of the HOPE trial Ischemic Type Biliary Lesions: impact of machine perfusion <i>Robert Porte</i> |
| 16h30 – 17h00 | The use of rejected organs and resuscitation of marginal grafts by NMP Anecdotal or routine? <i>Darius Mirza</i> |
| 17h00 – 17h30 | Controlled oxygenated rewarming of cold stored livers: an adjuvant way to improve liver recovery. <i>Thomas Minor</i> |

Round table *Constantino Fondevilla, Philip Dutkowski Peter Friend, Robert Porte, Darius Mirza, Thomas Minor, Philippe Compagnon*

- | | |
|---------------|--|
| 17h30 – 18h30 | Machine Perfusion: For good or for marginal grafts? Machine perfusion: At procurement or at transplant Center? Can we rescue initially «Non transplantable» grafts? Rationale for a central «reconditioning» center Defatting: is it possible? Current and future trials Financial implications for national donor agencies. |
|---------------|--|
